

The Austin Cove Community Church Way

Our Pathway to Following Jesus

While we recognise that no two people's journey is the same, we see three broad steps that everyone takes somewhere along the journey. These steps help to frame how we approach everything that we do.

Engage

Helping people move from being completely uninterested in faith towards being willing to connect and start spiritually seeking.

Encounter

People having a transformational experience with God and moving from spiritually seeking to growing.

Equip

People being equipped to be sent out into a world in need and repeat the process with others.

Our Mission:

Journeying with people towards Jesus

Our heart is to meet people where they are in their journey, in both life and faith, and then, step by step, we walk with them towards Jesus.

Our Vision Story:

Between now and 2030 we will advance the Kingdom of God by engaging people throughout the Shire of Murray, the broader Peel region and to the ends of the earth, encouraging them to encounter God in transformative ways and equipping them to be sent as devoted followers of Jesus into the world.

We're re-building our church and we'd love you to be part of the journey!

We're a 9 year old church in the growing Austin Lakes development with a passion to see families flourishing in South Yunderup, the Shire of Murray, the broader Peel Region and to the ends of the earth.

We'd love some new families from the area to join us and be part of taking our story forward.

Simply head over to
www.austincovechurch.com.au/join/
for more information including how you can catch up for a coffee with Pastor James.

**Grab your shoes and join us
for the journey!**

Engage: Connect & Invite

Connect

We've adopted the B.L.E.S.S. principle to help us engage people outside the church.

Begin with Prayer.

Listen without judgement.

Eat together, often.

Serve your community.

Share your story.

Invite

- > Invite people into your life.
- > Invite people into a faith environment.
- > Invite people to explore Jesus' story.

Encounter: Transformational Relationships & Environments

The only thing that really changes people is a transformational encounter with God. Though we cannot make these happen, we believe they can be fostered through the right relationships and environments. We focus on doing what we can do and we trust God to do what only He can do. There are three main focuses for this:

Daily Bible Reading

The Bible is still a key way that God reveals himself to people. We encourage and aim to equip our people to regularly read the Bible.

Weekly Community Gathering

We gather together as a whole Church, as much as possible, every Sunday for worship and an inspiring message that is relevant to everyday life and everyday faith.

Fortnightly Life Group

We encourage everyone to be in a smaller group of people who are sharing life together, daring to live out the teachings of Jesus together and caring for one another.

Equip: For Everyday Life & Everyday Faith

Ephesians 2:8-10

For it is by grace you have been saved, through faith—and this is not from yourselves, it is the gift of God— 9 not by works, so that no one can boast. 10 For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do.

We believe Jesus' chief task for His church is to make disciples, that's just people who are whole-heartedly committed to becoming the people God made us to be.

Coaching & Mentoring: We partner people with others just a little further along the journey to help them learn and grow in the ways of Jesus.

ACCC Equip: We offer training programs such as Reading The Bible For All It Is Worth, Sharing Your Faith And Testimony, Exploring Spiritual Disciplines, Discovering Spiritual Gifts, Understanding Baptism, Partnering With ACCC

Leadership Development: We help those with leadership gifting learn and grow to use these within the Church and beyond.

Beyond ACCC

At Austin Cove we've decided we want to achieve more by doing less. Rather than supporting a vast array of external organisations, we have chosen 6 external agencies to invest with in substantial ways to make a greater impact in a few key areas.
